

Physical Therapy Direct Access Statement

As a patient receiving physical therapy services at Victory Rehabilitation under Georgia's direct access laws, you are receiving treatment from a physical therapist licensed by the Physical Therapy Board of Georgia with more than two years of experience.

In compliance with Georgia state law, a self-referred patient has 21 days or 8 visits, whichever comes first, before a doctor's referral is required for treatment. Georgia state law also requires Victory Rehabilitation to notify the patient that a physical therapy diagnosis is not a medical diagnosis by a physician or based on radiological imaging, and that such services might not be covered by the patient's health plan or insurer.
